Probability and Mathematical Statistics

By SHEN AI HONG ZHU GUI FENG WANG XIAO YAN ZHU

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 199 Publisher: Northeastern University Press Pub. Date :2010-8-1. This book includes: the probability of random events; and the probability distribution of random variables; the joint probability distribution of random variables; numerical characteristics of random variables ; law of large numbers and central limit theorem; the basic concepts of mathematical statistics. Contents: Chapter I Section I of random events and basic concepts of probability. randomized trial two. three random events. event operations and operations law Fourth. the definition of probability and nature of the classical probability model II and geometry of a probability model. the classical Probability Model II geometric probability model the conditional probability and independence of a Section. the definition of two conditional probability. independence. full probability formula with fourth test an independent. full probability formula and Bayes two independent trials (Bernoulli interest test) exercise test questions Chapter probability distribution of random variables and discrete random variables one section. the concept of two random variables. discrete probability distribution of three random variables. random variables with common discrete random variable II distribution function A distribution function of...

Reviews

The ebook is straightforward in go through preferable to recognize. It typically does not charge too much. Its been designed in an exceptionally straightforward way and it is just following i finished reading this book where basically altered me, affect the way i really believe.

-- **Dr. Reta Murphy**

It becomes an amazing pdf which i actually have at any time read through. This can be for all those who statte there had not been a worthy of reading through. You wont sense monotony at anytime of your own time (that's what catalogues are for relating to should you check with me).

-- **Claud Kris**
